Policy Statement

At Rockingham Beach Education Support Centre parent/guardian permission will be gained before using visual images of your child/children, such as photographs.

Rationale

Rockingham Beach Education Support Centre will frequently use images of students in a variety of ways, for example, to recognise excellent achievement, inform parents and the local community of school matters, publicise events and to promote the school. From time to time, we may also be asked to contribute to Education Department materials such as educational videos. Rockingham Beach Education Support Centre also has a website, which may result in your child's image potentially being accessed worldwide through the Internet.

Images of your child may be used in some or all of the ways listed below:

- School website/Video/Newsletter or any medium, in relation to school activities.
- Promotional material for the Department of Education

Policy Details

We understand that you and your child/children's right to privacy is important. If we use an image of your child/children or that of any other student at Rockingham Beach Education Support Centre only first names will be used. If the image is to be placed in a publication outside those listed above, individual permission will be asked from you. Where parents do not give approval, the image will not be used.

At no time will your child's image be posted onto any form of social media by any member of the Rockingham Beach Education Support Centre staff. This would constitute a breach of the Child Protection Policy and the Staff Code of Conduct and result in disciplinary action.

You are of course at liberty to withdraw your consent at any time by contacting the Principal in writing.
